

Hope Awaits

MINISTRIES

September 8th, 2022

Monthly Newsletter

I've been at Hope Awaits now for about 6 months, and to tell you the truth, it's the best decision I've ever made!

God really is doing some wondrous things here at Hope Awaits. I've seen men go from absolutely nothing into proud hard working men that desire serious change in their lives, that truly go through with it. I've seen the Lord heal a man's leg in an instant! After some great intercession prayer, healed and delivered in the name of Jesus Christ of Nazareth.

Working in this ministry has its challenges, like seeing people in hard places, drug use, etc. But seeing the ones who change and those who choose Christ as their personal saviour makes it so worth it. Being able to help men off the streets is such a blessing, being able to work for the kingdom!

I once was in their shoes. I was an addict and should have died countless times, but the Lord had other plans for me. If Christ can deliver me and create in me a new man, I know He can do it for others, we just have to make the decision. What kind of Christian would I be to go through the things I have and not help others overcome it too?

I love this ministry. I love the heart we have for Jesus, and most importantly I love the work of Jesus at Hope Awaits.

"I can do all things through Christ who gives me strength." – Philippians 4:13

Our Vision

To see men filled with hope and transformed by the love, grace, and power of God.

Highlights

Client Stats

In August we had **six men** reside at the shelter. Of the nine:

- Five men were still in the program at the end of the month
- One man moved out of Hope Awaits to live with family

Care Package Stats

In August **662** care packages were distributed – that's an average of 21 care packages a day!

Notes of Praise

One of our previous clients got in contact with us in August and offered to help if we needed anything. One of our staff members was able to have a good talk with him and through this got him connected with a local pastor.

One of our clients applied for and obtained his birth certificate this month!

When one of our clients first arrived he was apprehensive to do any cooking, even small cooking tasks – now he has grown in his confidence and is cooking meals for his shelter family!
